Keep the warm brass handles

Home and What's coming up

Workflow

- 1 Open Home after See my day.
- 2 Read What's coming up — the next dated item is shown first.
- 3 Tap See what's coming up for Today / 7 days / Month / later.
- 4 Use Show my appointments here if you want phone calendar events on the same timeline.
- 5 Focus on this starts a calm session on the next item.
- 6 If the timeline is empty, tap Add something you don't want to forget.

Good to know

- No Ready4 pack is required.
- Holidays and similar calendar noise are skipped.
