

Ready4Packs shop

Packs add templates into the same six Add paths. They are not separate apps.

Nudge me Ready v3 · 0.3.1 · Home → Explore, or Menu → Ready4Packs.

Workflow

- 1 Browse the catalogue.
- 2 Open a pack to preview templates.

3 Install. Items appear in Nudges and stay editable.

4 Pack-specific Add choices only show after install.

Good to know

- Home and Wellbeing are free. Other packs say you will not be charged while TestFlight billing is off.
